Dear Parent/Carer

We are very excited to share a brand new online homework resource with you that your child can access to help them with their Maths. It is closely linked to the Maths taught in class and is designed to revise and secure what they have been doing at school.

Work has been set for your child and as they complete their tasks, they can build a 'virtual world' and collect points. The interactive resources are stimulating and exciting.

We would be very interested in hearing your comments about this resource, as it is new to our school and we are always looking for ways to improve.

To access the resource please enter www.activelearnprimary.co.uk into your web browser. This will take you onto a log in page.

Username: (this is your child's family name and their first initial - e.g Mary Hart would be **hartm** (all lowercase and no spaces)

Password: password (we have set this so that it is easy to remember!)

School code: mc7w

Good Luck!

Yours sincerely

S Rodda and J Bailey
